

2016 Summer Internships

District 214 provides a summer internship program, whereby extremely committed students earn credit while they experience hands-on learning and becoming more knowledgeable in a career area of interest. These opportunities are for students entering either their junior or senior year and who are available 15 hours a week for both summer semesters. Your student can earn high school credit while experiencing authentic real-world information in various career fields, which may include:

- Art
- Veterinary Medicine
- Computer Technology
- Architecture
- Culinary Arts
- Education
- Pharmacy
- Physical Therapy
- Healthcare
- Business
- Law
- Engineering
- Manufacturing
- Journalism
- Automotive
- Other

The application is located on the D214 website under Teaching and Learning. The deadline to apply is April 1!

For more information or to apply, contact your student's counselor, or Scott Gustafson at FVEC (847-718-7867).
