

ELK GROVE GRENADIERS

ATHLETIC DEPARTMENT

ATHLETIC BOOSTER LIAISON RESPONSIBILITIES

Athletic Booster Liaisons will:

- **Assist the team/program they represent in fostering and supporting the goals of the Grenadier Athletic Booster organization.**
- **Assist with obtaining Grenadier Athletic Booster membership from parents in the athletic program they represent.**

This includes participating in Grenadier Athletic Booster membership drives, working with coaches to communicate the importance of becoming a member, etc.

- **Attend Booster meetings, serving as the communication link with their respective teams about upcoming Grenadier Athletic Booster activities.**

The first step is for the liaison working in conjunction with coaches and EGHS Athletic program administrators to create an email address list of parents from the program/team they represent. Then using that list important Grenadier Athletic Booster information can be communicated quickly and efficiently.

A second step will be for the liaison working closely with team/program coaches to help support and foster a vision where individual athletic teams/programs work within the larger and over arching umbrella framework that the Grenadier Athletic Boosters will provide for Elk Grove High School.

- **Assist the Grenadier Athletic Booster organization in getting a representative group of parents from their team/program to help with Grenadier Athletic Booster fund raising and special event activities.**
- **Support the needs of their individual programs by helping the coach of their team/program with special activities.**

These activities might include award programs, coordination of food, snacks or beverages after a competition/tournament.
