From the School Nurse......Laura Yamate

Meningitis Vaccine Requirements:
Just a reminder that all students 16 years of age and older will be required to receive a meningitis vaccine prior to entering 12th grade. Our district practices first day exclusion. If students do not provide proof of having received a meningitis vaccine by the first day of school as they enter 12th grade, they will be excluded from starting school until we receive this documentation. Students who have a medical or other reason for not receiving the vaccine must provide documentation to the health office indicating the exception.

Chronic Health Conditions:
School achievement is dependent upon effectively meeting the health needs of each student. If your student has a chronic health condition such as asthma, severe allergies, diabetes or a seizure disorder, it is important for the school, medical provider and family to work together to provide the best educational experience possible.

In an effort to provide your student the opportunity for a successful school year, a number of healthcare plans are available on the District #214 Health Services webpage: https://www.d214.org/departments/health-forms/. The care plans are designed to help the school nurse collaborate with your student’s medical provider and family to ensure that their healthcare needs are met.

You can print the care plan from the link listed above or go to the District 214 website and go to the Health Services tab. We ask that you do this prior to the start of each school year, as each school year we will need another care plan turned into the health office at school.

If your student requires daily medication, an epinephrine injector or inhaler during the school year, forms to be filled out are available on the District 214 website on the Health Services page (the link is at the end of this paragraph. Please complete the forms with your student’s medical provider and return to the Health Office at EGHS along with the medication. The medication must be in its original container or packaging or alternatively it must be in an appropriately labeled container from a pharmacy. https://www.d214.org/departments/health-forms/

The Elk Grove High School nurse is available to meet with you and your student to discuss the care plan or any concerns you may have regarding your student’s health needs at school. If you would like to schedule a meeting, please contact Laura Yamate R.N., with any questions or concerns at 847-718-4473 or laura.yamate@d214.org.
**Flu/Cold Information:**

Influenza (the flu) is a serious illness. Symptoms can include sore throat, headache, fever, cough, nasal congestion/sneezing, fatigue, muscle/body aches and weakness. Children may also feel nauseated, vomit or have diarrhea. Cold symptoms are very similar to flu symptoms, however the primary difference between a cold and the flu is that the flu comes on very suddenly whereas with a cold your symptoms often come on gradually. If you suspect that either you or a loved one has the flu, it is important to seek medical evaluation for proper diagnosis and treatment.

**Transmission:** The flu and cold are both caused by viruses and both are typically spread via droplet transmission. This means that when people that are infected with the flu or cold virus and they are coughing and sneezing, they release droplets into the air that can be inhaled by other people who can then become infected. When someone coughs or sneezes, the droplets that they expel into the air can travel up to 20 feet at speeds of 25-50 miles per hour. These droplets can also stay suspended in the air for hours.

You can also get the flu from contaminated surfaces (for example - doorknobs, faucets, telephones). When you touch a contaminated surface and then touch your face, this allows the virus to enter your nose or mouth and transmit itself. Keep in mind that viruses can live on surfaces for up to 24 hours.

**Treatment** for the flu includes increasing water intake, potential antiviral medication (if diagnosed within 48 hours of onset) and plenty of rest. Antibiotics are ineffective against the flu and are sometimes prescribed to prevent a secondary infection related to a cold virus. Before using over the counter cold or flu treatments, please consult with your medical provider.

It is very important that you check with your child’s medical provider before administering aspirin or aspirin-containing cold/flu products if your child is under 18 years of age.

**Other Information:** According to the CDC, people who have the flu are typically contagious from 1 day prior to becoming symptomatic and up to 7 days after becoming symptomatic. Therefore, it is very important that you stay home from work or school for approximately 7 days after symptoms begin to ensure you are no longer contagious to others. Sometimes when you begin feeling better you feel well enough to return to normal activities (including work or school), however please keep in mind that the goal is prevent others from getting sick as well which is why the CDC recommends staying home for at least 7 days from onset of symptoms.

As flu season approaches, it is important that you talk to your medical provider if you are unsure if you can receive the flu vaccine. The vaccine is generally recommended for those age 6 months and up. According to the CDC, people at the highest risk for flu-related complications are those with underlying health conditions those over 65 years of age and children under 5 years of age (especially children under the age of 2). Women who are pregnant should consult their medical provider before obtaining the flu vaccine.

Hand washing is an easy, and very important, measure that people are encouraged to implement to assist in preventing transmission of the flu or cold virus to themselves or others. Vigorous hand washing with warm water and soap for at least 15 seconds is best practice.

For additional information regarding influenza, please see the attached link to the CDC website or talk to your medical provider: [https://www.cdc.gov/flu/protect/keyfacts.htm](https://www.cdc.gov/flu/protect/keyfacts.htm)
Students with Asthma and/or Severe Allergies:
Illinois State Law requires that all students diagnosed with Asthma have an Asthma Action Plan on file with their school. An Asthma Action Plan is a plan developed by you and your student's medical provider that provides the school nurse with an individualized plan of care for your student in the event that they experience asthma symptoms (such as coughing, wheezing, shortness of breath, chest tightness or difficulty breathing).

You, your student and the medical provider can discuss if you would like your child to carry their own emergency asthma medication at school if you would like it kept in the health office at school. The Self-Carry Form for inhalers should be completed if your student will be carrying their own inhaler. The Medication Authorization Form should be completed if your student will be keeping their inhaler in the health office. The links to all of the appropriate forms are listed below. We ask that you print out the forms you need, sign/date them and have your student's medical provider complete the rest of the forms. The completed forms should be returned to the School Nurse at your student's school.

Additionally - It is very important that the school nurse be made aware if your child has a severe allergy to any food, insects, latex or other allergens. A Severe Allergy Action Plan should be completed by you and your student's medical provider and be turned in to the Health Office at your student's school as soon as possible. The link for the Severe Allergy Action Plan is listed below.

OFF CAMPUS LUNCH POLICY

THE RULES

For Sophomores, Juniors, & Seniors

Starting second semester, sophomores, juniors, and seniors must meet the following criteria to leave campus during lunch:
- Earned a 2.8 GPA during the previous semester.
- No F’s on semester report card.
- No out of school suspensions the previous semester.
- Parental permission form on file.

WHAT IS GPA?

GPA stands for Grade Point Average and measures a student’s academic achievement. Throughout high school, students will receive a GPA each semester and a cumulative GPA for all grades throughout high school. GPA scores can be found on a student’s transcript in Infinite Campus.

HOW IS GPA DETERMINED?

Each grade a student earns on their transcript at the end of the semester is assigned a number of grade points. Two grade point averages are computed and recorded on report cards and transcripts. The weighted GPA is computed by dividing the sum of the weighted grade points by the number of credits attempted. The non-weighted GPA is computed by dividing the sum of non-weighted grade points (A = 4, B = 3, etc.) by the number of credits attempted. Grades earned in physical education and driver education are not included in either GPA.

Thank you to all the families and staff who have become members of the Elk Grove PTC. If you have not already joined, we accept memberships all year long.

Fall is the busiest time of the year for the PTC. We are planning for our 37th Annual Holiday Sampler Craft Fair being held on Sunday, November 3rd, 2019. This one fundraiser raises over $10,000 and funds our many activities and grants to various clubs who are not supported financially by our parent groups. Please consider volunteering your time or making a donation to our concession stand. Please go to this site for Craft Fair Sign Up:

https://www.signupgenius.com/go/5080b4aae2ba64-elkgrove2

PTC meetings are held the first Tuesday of each month starting at 7:30 pm in room 103. Please enter through Door 24 at the back of the school. Follow us on Twitter @PTC_EGHS and Facebook - EGHS Families for info on volunteer opportunities, meetings, and much more!

Please don’t hesitate to email if you have any questions about the PTC and what we do.

GRENADIERS ATHLETIC BOOSTERS
(GAB)

GAB is the parent booster club that supports ALL of the sports offered at EGHS. The council works to raise funds throughout the school year. These funds are generated through fundraisers in which ALL of the proceeds go to benefit Grenadier Athletics.

One of the major sources of revenue for GAB is though membership by our athletic families and school community. The $25 family membership/sponsorship fee, goes a LONG way in helping us provide our athletes with the resources needed to stay competitive. Please click on the following link below to be directed to the GAB website with the form and other important information if you have not already become a member – https://eghs.d214.org/co-curricular/grenadier-athletic-boosters/

With the 2019-2020 school year now in full swing it's time to SAVE THE DATE!! We’re hoping to see you at one of our upcoming major fundraising events.
• Trivia Night – Saturday, November 16th
• Grens GALA – March 07, 2020 (also a Saturday night)

The Pixellot system, purchased last year by GAB, is up and running. Watch your favorite Gren, all home games (main gym & football field), online. Check out the following link to become a subscriber – https://www.nfhsnetwork.com/schools/elk-grove-high-school-elk-grove-village-il

You can also support our Grens in other ways throughout the year:
◆ You can find us selling various spirit wear at the home football games and other high school events. New items could pop up at any time so check back often.
◆ Shop AMAZONSMILE! Simply log onto AMAZONSMILE using the same credentials as your standard Amazon account, choose Grenadier Booster Club Inc as your charity of choice, and you’re set. As you shop a portion of each purchase is donated by Amazon to us! It's that easy!

Until next time - Have a great school year! And GO GRENS!!!
